**Love and Life Project Presentations**

Our young people are hungering for the truth and meaning of human sexuality and the sovereignty of God as the Author of life. They need to be encouraged to hold fast to the Church’s timeless teachings concerning saving sex for marriage.

LIFENET will send professionally trained speakers to make multi-media presentations that empower young people in your sphere of influence to embrace the challenge of saving the gift of sexual intimacy for marriage and realize that all humans — no matter their age or stage of development, are made in the image of God and need to be protected.

The Love and Life Project programs include:

**Chastity/Abstinence:**

- Love and Life: The Challenge of Chastity
- True Love Waits (1 & 2)

**Sanctity of Human Life:**

- Life is Precious
- Defending the Unborn

**Program For Parents and Grandparents:**

- Helping Teens Make Healthy Choices

Love and Life Project presentations can be incorporated in many settings and can be tailored to meet your time requirements:

“I have found the LIFENET speakers to be engaging and well-informed on the subject matter and they relate well to a diverse student body. The LIFENET speakers utilize science, ethics and statistics to reach the students with facts about abortion, the consequences of sex outside marriage and the benefits of saving sex for marriage.”

Love and Life Project Programs

You can arrange for LIFENET speakers to come to your group to present one or more of the following multimedia programs:

Chastity/Abstinence Programs

**Love and Life: The Challenge of Chastity**
(Suggested time allotment: 1 hour and 15 minutes)
This chastity/abstinence presentation for teens and young adults covers the risks of sex outside marriage, including pregnancy, sexually transmitted infections, and emotional and spiritual consequences. Our speakers discuss the concepts of embracing “renewed purity,” employing strategies for remaining pure, and the difference between love and lust. The talk concludes with a discussion on respecting peer pressure and a role play demonstration where students learn practical refusal skills to avoid situations which could lead to risky behavior.

*The Love and Life Project programs are made possible through the generous support of the Dolores Turco Foundation. There is no charge for the presentations, however, donations are gratefully accepted.*

**Sanctity of Human Life Programs**

**Life is Precious**
(Suggested time allotment: 1 hour and 15 minutes)
This presentation for teens and young adults discusses abortion in the context of other human rights atrocities throughout history and empowers people to protect unborn children by educating others in their sphere of influence.

The presentation includes:
- History of legalized abortion since 1973
- Facts about the developing unborn child
- Most common abortion procedures
- Potential effects of abortion
- Helping a friend in an unexpected pregnancy
- Helping others who have fallen into the sin of abortion; and Information on Rachel's Vineyard post-abortion healing programs run by the Respect Life Office

This presentation can also be modified to fit into a classroom period or other specified time period.

**Defending the Unborn**
(Suggested time allotment: 1 hour)
This presentation is a crash course in pro-life apologetics and is a follow-up to “Life is Precious” for students and adults who want to learn how to graciously and persuasively answer pro-abortion rhetoric with irrefutable scientific facts.

**Program for Parents and Grandparents**

**Helping Teens Make Healthy Choices**
(Suggested time allotment: 1 hour and 15 minutes)
Despite today's “out of control” popular culture we live in, parents still have the biggest impact on reducing their children’s risk-taking behavior (sex, drugs and alcohol use, etc.) This presentation empowers parents with the latest information about how casual sex is impacting our young people and discusses practical strategies for helping their teens avoid risk-taking behavior, which can have life-long consequences.

Our Presentations Change Lives

“LIFENET has been coming to our youth group twice a year for the past 3 years to give presentations on chastity and life issues. Each visit has had a profound impact on our students. The speakers are young, energetic, entertaining and thought provoking.”

“One of the girls in my youth group had fallen away from her faith, and found herself pregnant. She struggled with her decision, and yet remembered the time that a beautiful LIFENET speaker named Faith came to our church to speak. Our teen had even taken a picture with the 4 month fetal model, and that image stuck with her. She chose life and gave birth to a beautiful baby girl, and named her Faith.”

“Your talk was very well received by my 7th grade class...”
